twist	slice	skillfully	vivid	performer	stage	rush	wave	variety	band
	coaster			pump	steep	ride	dive		

1. With its exotic ingredients, and chefs producing new twists on classics, Lima is becoming the gastronomic capital of South America. Typical menu may include slices of boiled potato in a cheesy, yellow chili sauce, tomatoes, carrots, and fried fish.
2. The actors live into their roles skillfully. They clearly communicate the story through vivid action. The performers on the stage rush through their lines, while wildly waving their hands in the air.
3. From Beyoncé's brilliant headline performance to the likes of U2, it was a colourful event. The great thing about it is the variety of entertainment. You can basically choose what to have - pick out the right fields and bands. Or, you could just hang round the main stages and enjoy a less corporate music in the Park.
4. Before guests even get in the gates, the screams fill the air, and the Six Flags coasters get guests' adrenaline pumping. Just look at the impossibly high and steep first drop. It takes more than a bit of nerve to hop into line and board the super-sized ride. Riders' feet are above them as they dive head first down a 215-foot drop.
